## Answered **Ouestions**

**EEN** expectation inspires many questions as to our early future offerings of merchandise at special prices. In general we can only state that our plans are alive with many elements that will develop intense interest for the retail buyers of Greater New York. But we are not at present prepared to make many announcements.

The most numerous questions concern the usual mid-winter sale of Muslin Underwear. In reply to all interested we have to state that on Monday morning, January 3d, 1898, the new goods will be ready, and the newspapers of that date will contain complete information upon the subject.

PRESENT prices-con-Trimmed sidered alone-for our Millinery. Trimmed Millinery are simply ruinous, and are only half of what would be fair.

The just-trimmed hats at \$3, \$4 \$5, \$8 and \$10 are made by the best corps of milliners in this city-their labor is very costly. Because they are so good we want to keep them together for next season's business. Late season trade will not pay fair prices for millinery. We admit the fact, and meet the market, not by reducing quality and style, but by downright losses. They are heavy just now, but are only a trifling per cent. upon our millinery businessbut then we do not lose our milliners.

At \$10—Velvet Sailor Hats and Toques, with ostrich plumes, fancy flowers, rhineston ornaments-a varied choice.

the foregoing are quoted, count the cost of materials and your judgment will confirm our statement.

The assortment of felt English Walking Hats is somewhat broken. Therefore down go the prices. Turbans, trimmed with chenille silk and vel-

duced from \$7 to \$4.50. Similar, trimmed with satin ribbon and

wings, reduced from \$5 to \$3.50.

rich selection of advanced styles of separate Dress Skirts is already here. They grow rapidly in favor and quite naturally. Wanamaker History Club. RIDPATH'S History of the World is not only the, one great history of all nations and all times, available to American readers, but it is the greatest of all historical question answerers.

We've a pamphlet for you, with a hundred or so questions asked of this work. The answers are interesting. Here are samples of the questions:

How did the cotton-gin become a potent factor in precipitating our late Civil War?
With gourds and pickled bats among their
oddities of food, what were the substantial articles of Babylonian diet?

Were human sacrinces ever offered in England?
Did Columbus discover America?
Credit Mobilier—what is meant by it?
Why did the establishment of the free cities follow in the wake of the Crusades? What was the Parthenon? What was asserted to be the purpose of

Lord Lucan in ordering the charge of the Light Brigade?
What was the decision of the Supreme Court in the Dred Scott case?
What is meant by the Alabama Claims, and how were they finally adjusted?
